

Cattle Finisher Pellets

Suitable for Young Cattle

Cattle Finisher Pellets are scientifically formulated to increase performance by finishing young cattle in the feedlot with less days on feed returning, to the grower, maximum profit on investment.

Features	Benefits
Nutritionally balanced ration	Meets the protein, energy mineral and vitamin requirements for finishing young cattle.
High Fibre	Reduces the risk of acidosis and helps maintain a healthy rumen microbiome population.
Contains Bovatec®	Improves feed conversion efficiency, reduces risk of feedlot bloat and aids in the prevention of coccidiosis and liver abscesses.
Contains a metabolite	Has proven through scientific research and data to more than double the absorption of phosphorus and calcium.
Contains Biotin	Hoof health, reproduction and lactation.
Contains Sodium Bicarb	Assists in reducing the risk of acidosis by increasing rumen pH.
Quality Assured vitamin/trace mineral premix	Provides essential vitamins and trace minerals for top performance.
Pelleted ration	Even nutrient blend received by each animal.

NUTRITIONAL ANALYSIS

Nutrients	
Dry matter	
Crude Protein (min)	15.0 %
Met Energy (min)	10.77MJ/kg
Fibre	20.0 %
Added Salt (max)	0.5 %
Calcium (min)	1.34 %

INGREDIENTS: These pellets will contain one or more of the following ingredients: lupins, barley, wheat, cereal by-products, and cereal hay, as well as ground limestone, salt, MDCP, sodium bicarbonate, vitamin/trace mineral premix and Bovatec® (Lasalocid sodium).

AVAILABLE IN BULKA BAGS or BULK SALES

FEEDING GUIDE

It is recommended that cattle be given an oral drench and a 7-in-1 vaccination 7 days before entering the feedlot.

Days 1-5: place cattle on unlimited good quality hay or Maintenance Pellets

Day 5 – finish: for optimum weight gain, feed cattle Cattle Finisher Pellets (with occasional bale of hay or straw for extra roughage and 'gut scratch').

Cattle will eat around 3% of their body weight per day.

N.B: Monitor cattle for signs of acidosis, especially during the start-up phase. If dung becomes loose provide more quality hay & wait until

WARNING: This product does not contain restricted animal material.

For Animal use only. Store out of sunlight in a cool dry place.
