

# Equine OptiLick

Suitable for horses

**OptiLick** is formulated as a loose lick mineral and vitamin supplement specifically designed for Western Australian horses. This mix may assist in the management of dietary deficiencies related to the unique pasture, forage and hay qualities found in WA. The 2 to 1 ratio of Calcium to Phosphorus also **treats Big Head** in horses suffering from Calcium deficient diets.

## Advantages:

Contains only high-quality minerals, vitamins and sustainably sourced rock salt.

No Molasses - a cool, low sugar supplement therefore minimizing reaction from sensitive horses.

Highly palatable, OptiLick maximizes nutritional gain and increases utilization of all available types and quality of pastures.

Supports the microbes in the hind gut - helps improve digestion and use of dietary roughage.

Can be fed as an additive to existing hard feed ration or as loose lick.

Horses will self-adjust consumption - intake may be higher in summer and in periods of work/exercise.

Encourages drinking and assists hydration.

Can help prevent extra chewing on trees and posts causing damage to teeth, etc.

Contains macro and micro elements - a balanced supplement specifically formulated to be fed with hay, pasture and forage grown in WA soil.

Replaces electrolytes lost through sweat and exertion.

Contains vitamins A, D and Biotin - for eyes, bones, hooves & vitamin E for muscle function.

## NUTRITIONAL ANALYSIS

Nutritional Content: (per kg)		Vitamin B3	30 (mg/kg)
Calcium	87 (g/kg)	Vitamin B5	12 (mg/kg)
Phosphorus	39 (g/kg)	Vitamin B6	6.5 (mg/kg)
Sodium	68 (g/kg)	Vitamin B9 (folic acid)	6.5 (mg/kg)
Sulphur	22 (g/kg)	Vitamin B12	0.066 (mg/kg)
Magnesium	19 (g/kg)	Biotin	0.25 (mg/kg)
Zinc	320 (mg/kg)		
Zinc as chelate	200 (mg/kg)		
Iron	960 (mg/kg)		
Iron as chelate	150 (mg/kg)		
Manganese	320 (mg/kg)		
Manganese as chelate	150 (mg/kg)		
Copper	120 (mg/kg)		
Copper as chelate	80 (mg/kg)		
Cobalt	2.7 (mg/kg)		
Cobalt as chelate	0.5 (mg/kg)		
Chromium	1.0 (mg/kg)		
Selenium organic	1.0 (mg/kg)		
Iodine	1.0 (mg/kg)		
Vitamin A	20 (KIU/kg)		
Vitamin D3	2.1 (KIU/kg)		
Vitamin E	220 (mg/kg)		
Vitamin B1	13 (mg/kg)		
Vitamin B2	12 (mg/kg)		

## AVAILABLE IN 20KG & BULKA BAGS

## FEEDING GUIDE

Feed out in a well-drained trough or tub.

OptiLick will repel some water but should not be allowed to sit in a pool of water. OptiLick can be mixed with daily feed if desired. Suitable for horses of all ages: working horses, foals, ponies and pregnant mares.

Ensure horses have access to fresh, clean, cool water and adequate hay/pasture at all times.

100 – 250g per horse. Intake will vary with workload, seasonal variations and other dietary intakes.

**WARNING: This product does not contain restricted animal material.**

**For Animal use only. Store out of sunlight in a cool dry place.**
