

# Hy Weaner + Biotin Block

## 8% Urea

**Suitable for Cattle**

Designed to provide a source of high protein and energy for young, weaned cattle. Improved micro mineral supplies to build a strong foundation for udder development and subsequent lactation in heifers. Biotin to provide hoof & hide strength & health and is a requirement for the digestion of fibre in the rumen. The Vitamin D metabolite has proven to more than double the absorption of phosphorus and calcium, preparing the future skeletal structure and strength of the animal whilst the high protein level will promote muscle development. Phosphorus will promote the utilization of protein, energy and growth. The Active vitamins will promote immune strength and fertility and reduce oxidative stress. The Hy-Weaner Block is a 'soft' block and is manufactured to be eaten!

### NUTRITIONAL ANALYSIS per kg (as fed basis)

Total Protein Equiv	28.0 %
Urea	8.0 %
Molasses	7.0 %
Salt NaCl	56.0 %
Fat	2.0 %
<b>Macro Minerals</b>	
Calcium	2.5 %
Phosphorus	1.16 %
Sulphur	0.64 %
Magnesium	0.32 %
<b>Micro minerals (ppm)</b>	
Zinc	678.96
Copper	194.66
Manganese	132.99
Selenium	3.69
Cobalt	3.44
Iodine	11.40

Contains: A Metabolite and Vitamins A, B7 (Biotin), E, D3 25-hydroxycholecalciferol an **organic Eubiotic** and sugar.

### AVAILABLE IN 20KG, 29KG & 100kg BLOCKS

### FEEDING GUIDE

Ensure that animals are not starving when introduced to this product. Allow continuous access once feeding has commenced. Provide clean, fresh water at all times.

Cattle 1 Block/15-20 head

**WARNING: This product contains urea which can be toxic to livestock and other animals. This product does not contain restricted animal material. For Animal use only. Store out of sunlight in a cool dry place.**
