**THIS PRODUCT MAY BE FATAL. Keep out of reach of children.**

**For animal treatment only.**

**With holding Period: Meat = Nil, Milk = Nil. Store below 30°C (Room Temp), in a dry place. Best used within 24 months.**

**Warning: THIS PRODUCT CONTAINS UREA – UREA CAN BE TOXIC TO LIVESTOCK & OTHER ANIMALS**

\*Products containing urea and other non-protein-nitrogen can be toxic to livestock causing illness and or death. Do not feed to starving, hungry or emaciated sheep and ensure that adequate fibre is always available. Livestock management and environmental conditions vary between locations and consideration of these dangers must be managed correctly. Urea supplementation should commence before animals lose weight, but effective urea supplementation can reduce rate of weight loss and promote feed efficiency, promoting animal weight gain. Effective supplementation can increase pasture or dry matter intake.

\*The success of this product/supplement is dependent on other production and nutritional factors being managed correctly. Most important is the supply of energy and protein through quality feed as well as good animal husbandry.

\*The use of this product after distribution or sale is beyond the control of **Morgan Feed Supplies**. Therefore, no warranty is given nor shall be implied for its suitability for any purpose. The manufacturer and their employees/contractors accept no responsibility for any consequence arising from the above-mentioned guides & product.

**This product does not contain restricted animal material**
