

Lamb Finisher Pellets

Suitable for Lambs > 6 Weeks

This 6mm pellet is scientifically formulated to increase performance of lambs in the feedlot with less days on feed. The premix includes an organic eubiotic which is not a medication, is organic and approved and formulated within and at high spec OVN (Optimum Vitamin Nutrition) guidelines.

Features	Benefits
Nutritionally balanced ration	Meets the protein, energy mineral and vitamin requirements to finish prime lambs.
High Fibre	Reduces the risk of acidosis and maintains a healthy rumen microbiome population.
Contains a registered organic eubiotic	Improves feed conversion efficiency and is an organic non-medication.
Contains Sodium Bicarb	Assists in reducing the risk of acidosis by increasing rumen pH.
Quality assured Mineral premix	Provides essential and stable vitamins and trace minerals needed for top performance and optimum feed utilization, increased immune system and carcass quality.
Pelleted feed	Reduces dust and wastage and is easily stored in sheds, silos and bunkers.
Protein	From grains and veg/protein meal & not urea, providing required nitrogen.
No ingredient separation	Even nutrient blend received by each animal.

NUTRITIONAL ANALYSIS

Nutrients Dry matter
