

# Competition!

It's that time of year again! If you have a seriously cute 'poddy' calf, kid or lamb send us a picture to win a **free bag of MFS Prime Milk Replacement Pellets!**

**Morgan Feed Supplies Prime Milk Replacement Pellets** contain milk solids to provide high quality nutrients which support vigorous development of calves, lambs and kids up to 6 weeks old.

Ideal to supplement liquid milk or milk replacer when artificially reared, **MFS Prime Milk Replacement Pellets** help orphaned ruminant babies develop a strong rumen and reduce the occurrence of scours.
