

Maintenance Pellets

Suitable for Cattle and Sheep

Cattle and sheep maintenance pellets are a high-fibre complete ration and will provide a balanced diet with the necessary vitamins and minerals to sustain body weight when paddock feed is compromised.

Features	Benefits
Nutritionally balanced ration	Meets the protein, energy mineral and vitamin requirements for sheep.
High Fibre	Reduces the risk of acidosis and helps to maintain a healthy rumen.
Easy to feed	Can be fed through lick feeders, troughs or trail fed on the ground.
Quality assured Mineral premix	Provides essential vitamins and trace minerals needed to maintain body condition.
Pelleted feed	Reduces dust and wastage and is easily stored in sheds, silos and bunkers.
No ingredient separation	Even nutrient blend received by each animal.

NUTRITIONAL ANALYSIS

Nutrients

Dry matter

Crude Protein (min.) 10.5 %

Met. Energy 10MJ/Kg

Fibre (max.) 35.0 %

Added Salt (max.) 0.4 %

Calcium (min) 0.8 %
